FINANCIAL ASSISTANCE AVAILABLE FOR MANITOBA FARMERS

Government assistance programs for the agricultural producer are numerous and constantly changing. These programs take various forms. This update lists financial assistance programs currently available to the agricultural producers of this province. Each financial assistance program is briefly described, outlining eligibility criteria and where to apply.

This publication will be useful to farmers who wish to become aware of the assistance opportunities available or who wish to determine their eligibility for programs offered. Every effort has been made to ensure accuracy as of February, 1986. Because of continual changes that are taking place with respect to these programs, the details are subject to change at any time. Further details and current information should be obtained from the agencies accepting applications.

This publication will be revised and updated annually.
